International Conference on Soft Computing Applications in Wireless Communication - SCAWC 2017
March 09-11, 2017 at Guru Nanak Dev Engineering College, Ludhiana, Punjab, India

Patron Chair
Dr. M. S. Saini (Director, Guru Nanak Dev Engineering College, Ludhiana)

Conference Chair
Dr. Sandeep Singh Gill (HOD, ECE Dept, Guru Nanak Dev Engineering College, Ludhiana)
Dr. Gurjit Singh Walia (DRDO, New Delhi)

Conference Co-Chair
Prof. Arintha Seerha (Associate Professor, Guru Nanak Dev Engineering College, Ludhiana)

Organizing Secretary
Prof. Neeraj Singh (Assistant Professor, Guru Nanak Dev Engineering College, Ludhiana)
Dr. Balinder Singh Dhaliwal (Assistant Professor, Guru Nanak Dev Engineering College, Ludhiana)

Editors
Dr. Munish Rattan (Assistant Professor, Guru Nanak Dev Engineering College, Ludhiana)
Dr. Baljeet Kaur (Assistant Professor, Guru Nanak Dev Engineering College, Ludhiana)

Executive Members
Prof. Harmander Kaur (Assistant Professor, Guru Nanak Dev Engineering College, Ludhiana)
Prof. Gurjot Kaur Walia (Assistant Professor, Guru Nanak Dev Engineering College, Ludhiana)
Prof. Navneet Kaur (Assistant Professor, Guru Nanak Dev Engineering College, Ludhiana)
Prof. Gurpurjeet Kaur (Assistant Professor, Guru Nanak Dev Engineering College, Ludhiana)
Prof. Chahat Jain (Assistant Professor, Guru Nanak Dev Engineering College, Ludhiana)
Prof. Kuldeepak Singh (Assistant Professor, Guru Nanak Dev Engineering College, Ludhiana)
Prof. Harmander Kaur Anukal (Assistant Professor, Guru Nanak Dev Engineering College, Ludhiana)
Prof. Jasmmeet Kaur (Assistant Professor, Guru Nanak Dev Engineering College, Ludhiana)
Prof. Daljit Singh (Assistant Professor, Guru Nanak Dev Engineering College, Ludhiana)
Prof. Sapanjot Kaur Sandhu (Assistant Professor, Guru Nanak Dev Engineering College, Ludhiana)
Prof. Simranjit Kaur (Assistant Professor, Guru Nanak Dev Engineering College, Ludhiana)

International Conference on Soft Computing Applications in Wireless Communication - SCAWC 2017. SCAWC 2017, is to provide an interdisciplinary forum for engineers, researchers and student technocrats to discuss and promote research & technology transfer on Soft Computing Applications in Wireless Communication. The objective of the SCAWC 2017 is to enhance scientific and engineering information interchange among researchers, engineers, students and practitioners working in India and rest of the world for promoting research and development activities.

The SCAWC 2017 conference is scheduled to be held on March 09-11, 2017 at Guru Nanak Dev Engineering College, Ludhiana, Punjab, India. The conference is organised by the Guru Nanak Dev Engineering College and technically co-sponsored by Institute of Doctors Engineers and Scientists - (IDES). All the accepted registered papers will be published by the McGraw-Hill Education Proceedings (both Print and CD media) and will be indexed in CrossRef. In addition, it will be submitted to possible indexing in all the major indexing services like EI, ISI Web of Science, DBLP, IET Inspec, Scopus and etc.

All the selected presented papers will be published by the Grenze Scientific Society and made available in the Grenze Digital library.

SCAWC 2017, is an international conference where theory, practices, and applications of Soft Computing Applications in Wireless Communication and related topics are presented and discussed. Original contributions are solicited on topics covered under broad areas such as (but not limited to):

Track 1: Algorithm Design and Analysis
Track 2: Information Security/Cryptology
Track 3: Mobile Communication System Design and Analysis
Track 4: EMC/EMI and Side Channel Analysis of Wireless Communication Systems
Track 5: Wireless Adhoc, Sensor and Broadband Networks Design and Vulnerability Analysis
Track 6: 5G and Wireless Broadband Networks
Track 7: Signal Processing for Wireless Communication
Track 8: Satellite, Space and Free Space Optical Communication
Track 9: RF and Microwave Communication
Track 10: MIMO and Multi-Antenna Communication
Track 11: VLSI/SOC/Embedded Systems for Communication Application
Track 12: Nano Technology and MEMS for Wireless Communication
Track 13: Energy-Efficient Wireless Communication
Track 14: Wireless Communication Powered by Energy Harvesting and Wireless Power Transfer

Prospective authors are invited to submit full (original) research papers (which are NOT submitted/published/under consideration anywhere in other conferences/journals) in electronic (Doc or Docx format only) through the CMT Conference Management System or via email scawc17@gmail.com
